Who Are We?

The Woodstock Badminton Club is one of the longest serving recreational facilities in Oxford County. It originated almost 100 years ago starting with a few families and over time became a thriving club producing some of Canada's greatest Badminton players. Some of our players have represented Canada at World Events such as the Pan Am Games and the Olympic Games. The club is a dedicated facility with 4 wooden sprung courts and extra high ceilings and is widely regarded as one of the premier facilities in Ontario. We are a member managed non profit club and we now provide a venue for both Badminton and Pickleball who joined with us in 2010.
